

Murray Bridge High School

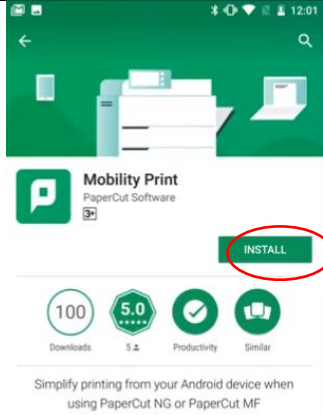

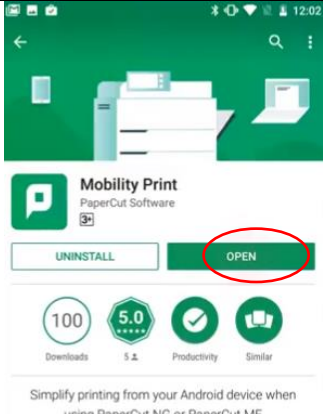

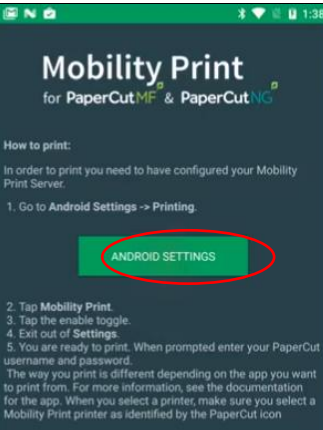

BYOD Printing from Android devices using Mobility Print

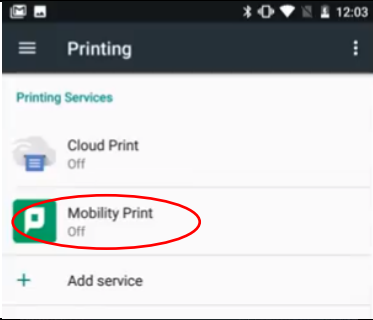

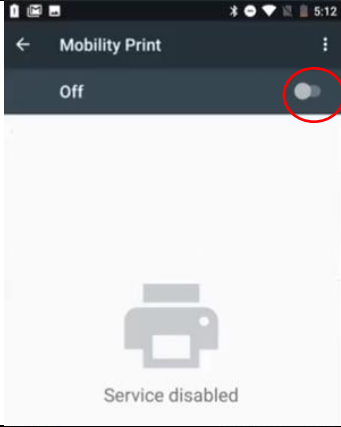

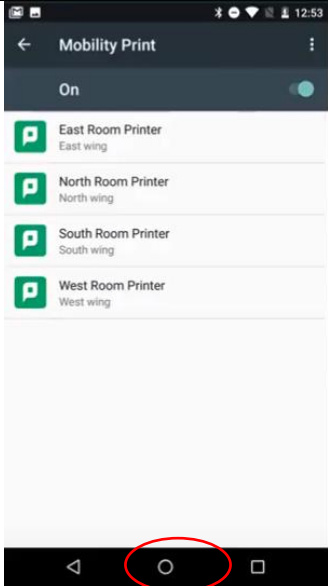

Version 1 – 13 August 2018

All printing at Murray Bridge High School is monitored and subject to the ICT acceptable use policy.

This guide covers the steps for setting up printing using Android devices that are connected to the Murray Bridge High School BYOD network.

<p>1. Install the Mobility Print app from the Google Play Store.</p>	
<p>2. Launch the Mobility Print app.</p>	
<p>3. Tap Android Settings</p>	

4. Tap Mobility Print	
5. Tap the enable toggle .	
6. Close the settings app.	
<p>7. You can now print using your Android device.</p> <p>If prompted when printing, enter your MBHS Username and Password and tap Print to continue.</p> <p>The way that you print is different depending on the app. For more information, see the documentation for the app you are trying to print from.</p>
